Chillispot Service Providers (CSPs)

- A hosted Chillispot portal can be used to speed-up HotSpot setup and Management, and ease payment and other back-end requirements.
- Only a DD-WRT Device is necessary, the rest is done by third parties listed below.

Captive_Portal

[WorldSpot.net](#). Free for free hotspots. Earn 75% in revenue sharing (direct payment) or 100% with a subscription. Tickets (voucher) with a subscription or per ticket pricing.

[HotSpotSystem.com](#). Free sign up with a revenue share based solution for paid hotspots.

[EngageHotspots.com](#). Web-based billing software for wireless internet hotspots. \$0 set-up, \$0 monthly fees.

Any of these systems linked above are designed to replace both a local radius server and webserver, and bring powerful features. Simply register online and create your hotspot. Then you can get the configuration setting:
